

Seton Foundation for Learning Bishop Patrick V. Ahern High School

Application Process

Virtual Information Sessions & Open House

We offer virtual information sessions for prospective families. Please check us out on Facebook or contact the school main office for upcoming events and registration information.

Tour

Tours of our school are arranged on an individual basis. While children are always welcome to accompany their parents/guardians, it is often easier to view the school and meet with the director without children present. This allows you to determine whether you think we are an appropriate school for your child. It also allows us to get a sense of your child and your goals for them to see if your child might be a good fit for our school.

Application Form

Please call our school office at 718-982-5084 to request an application form. Applications can be sent via mail, email, or fax. Applications are also available electronically. We are located at 850 Hylan Blvd., Staten Island, NY 10314.

Documentation

Please submit a copy of your child's most recent evaluations, progress reports, and current IEP. All documentation can be emailed to ldifiglia@sflschools.org.

Intake Assessment

The intake assessment consists of a classroom visit and a 1:1 assessment of your child's skills by one of our staff members. After a review of the documentation and tour of the school, we will invite you to schedule a time to bring your child into school to spend time in one of our classrooms.
